

# The Servant Center

## Needs Our Help!

Thanks to a generous flooring donation from Wake Baptist Hospital, made possible by the Greensboro Marine Corps League, The Servant House will get getting a much-needed floor makeover! We are planning to complete as much of this project as possible between

**Nov 7-9 (Wed-Friday before Veteran's Day).**

We need lots of help – everything from moving furniture, cleaning, pulling up existing baseboards, installing new vinyl composite tile (some experience is plus, but not necessary). Please see the link below for project information and task descriptions. We also need donations other supplies – see below.

The hours are flexible so contact  
Stacey Kyser 336-275-8585 ext 401 with any questions or ideas.

The more manpower we have, the more likely it will be that we can do the whole building during the Nov 7-9 time frame. We want our residents to feel appreciated all the time, but especially during the Veteran's Day weekend!
